OC Parks Prehistoric OC

MSSC participated in the annual OC Parks Prehistoric OC Event on Saturday October 12th. We had a great display and gave over 450 Chalcedony Minerals out to the kids. We had a troop of Girl Scouts at our booth and Angie Guzman had to answer plenty of questions.

MSSC Booth and Fossil Display

The crew Angie Guzman, Tessy Smith & Rudy Lopez

Fast talking Angie

I want to thank Angie Guzman and her sister Tessy Smith for helping with the event. I also want to thank OC Parks for having us at their events. I have already received an email and we are committed for next year.
